

PART I—Section 2.

GENERAL.

No. G. 9844—G. M. 102-16-140, dated 18th January 1917.

In continuation of Government Notification No. G. 5386—G. M. 76-15-127, dated the 27th October 1915, the following Press Communiqué dated the 9th December 1916, issued by the Government of India in the Department of Commerce and Industry, regarding the shipping of goods with Bills of Lading made out "to order," is hereby republished for general information.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

PRESS COMMUNIQUE.

Delhi, the 9th December 1916.

With reference to the previous Press Communiqués on the subject and under instructions from His Majesty's Secretary of State for India the following Press Notice issued by the Board of Trade on the 19th October 1916, is published for information and observance in India. It applies to shipments to all destinations, except in the case of vessels bound for the United Kingdom, no part of whose cargo is to be discharged elsewhere.

The attention of shippers, shipowners, and the trading community generally is drawn to the fact that in time of war the practice of shipping goods with Bills of Lading made out "to order," made illegal by Section 4 of the Customs (War Powers) Act, 1915, in case of goods shipped from the United Kingdom under license, is very undesirable in respect of any goods exported from any part of the British Empire.

2. Shippers of goods not requiring license are therefore advised not to make Bills of Lading "to order" but only (a) to a named consignee or (b) to a bank or financial house of high standing with the remark in the margin of the Bills of Lading "Notify—A. B.," "A. B." being the name of the person or firm for whom the goods are ultimately destined. Goods shipped to Holland should be consigned to the Netherlands Oversea Trust.

3. It is essential during the war that in case of all goods, whether under license or not, British ships should have on board, throughout the voyage, full manifests of cargo and all Bills of Lading or certified copies thereof.

4. Unless these requirements are complied with, there will be a risk that the ships will be stopped and diverted by His Majesty's ships or war vessels of allied nations for a full examination of the cargo and ascertainment of its destination.

5. In the case of British ships that will touch at ports in countries contiguous to enemy territory, compliance with these requirements are of special importance and serious delay may result, in such cases, if all ships papers are not on board and in order.

No. G. 9915—G. M. 150-12-45, dated 20th January 1917.
